In accordance with the Revised Rules of Procedure, a pre-application conference was held at 10:30 A.M. on Thursday, April 12, 2001 at the Lafayette Petroleum Club, 111 Heyman Blvd., Lafayette, Louisiana. The conference was opened by the undersigned, who explained the purpose of the conference, the procedure for filing the application, and presented the applicant's units and discussed the bases for the proposal. After a question and answer period, Mr. Joe Battle on behalf of Clyde Leger presented a counterplan which pulled the structure to the southwest, resulting in substantially larger units for both the Camerina A and the Miogypsinoides Sands. No compromise was agreed to at the conference and this applicant is being filed under the provisions of the Revised Rules of Procedure.

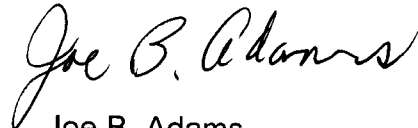

Attached hereto and made a part hereof is a plat of the units proposed by the Applicant for the Camerina A Sand, Reservoir E and the Miogyp Sand, Reservoir B, in Duson Field, Lafayette Parish, Louisiana and a list of those parties who attended the conference.
